

code K3010803-024

product name PROXIMITY SWITCH SENSOR FOR PROFILES

category Led Strips / Accessories

general information

application Indoor

Maximum output power 96 W

Maximum output power per channel 96 W

Minimum input voltage 10 V AC

Maximum input voltage per channel 24 V AC

Rated current 4 A

Minimum working temperature -20°C

Maximum working temperature 55°C

application switching LED lighting fixtures on and off

visible dimensions

LxWxH 22 x 7 x 3 mm
